

We've made a difference in our community having received £1000 from @1StopCommunity's 'CarriersforCauses' grant.

Having wanted to make a change which would have impact after he'd left, Year 6 pupil Thomas Cartwright applied for a grant, through One Stop's 'Carriers for Causes', for a new school football kit. Having initially applied for a grant of £350, he was awarded a whopping £1000! This enabled the school to have two new football kits, and even a set of tracksuits to match. After having a tough season, only winning one game, they wore their new kit and went on to win the Foxyards Cup on penalties against Hurst Hill, after trailing 2-0 early on. The kit made them persevere and gave them added faith in their abilities. Thanks to Thomas, Groundwork UK and the One Stop shop on Bourne Street, Coseley for making this possible. The kits will hopefully inspire both boys and girls teams from various age ranges for the coming years.
